

The Federation

*wishes you Merry Christmas and a Happy New Year 2021, which we hope will bring us
out of the COVID crisis*

Just like every year, the Federation is pleased to offer its annual calendar to the many colleagues who appreciate it.

In view of the current situation, the 2021 calendars were delivered to the mailbox of your Unit.

We are grateful to the assistants from every Unit for making them available to their colleagues either in the secretariat of the Unit or, better still, directly in their office so that they can find it when they visit.

If you have too many of them, please return them to us by internal mail to J-70 1/088

If you would like more, please ask us by email at: OSP-FFPE-BXL@ec.europa.eu

**The Federation hopes that this calendar will bring us closer
to the happy days post-COVID very soon**
