

12.12.2022

The Federation wishes you in this early December a Merry Christmas and already a Happy New Year 2023 !

Just like every year, the Federation is pleased to offer its annual calendar to the many colleagues who appreciate it

In view of the current situation, the 2023 calendars will soon be put at your disposal in the mailbox of your Unit.

We are very grateful to the assistants from every Unit and thank them in advance

for making them available to their colleagues either in the secretariat of the Unit or, better still, directly on the desk so that they can find it when they come to the office.

If you have too many of them, please return them to us by mail to J-70 1/088

If you would like more, please ask us by email at OSP-FFPE-BXL@ec.europa.eu

The Federation hopes this calendar will be the one of a year 2023 more serene and promising.

The Federation
You will never walk alone !
